We are pleased to introduce Naviance Family Connection – a comprehensive website that you can use to plan for college and a career. You will be using this program during your High School Career at Wilson. Family Connection is linked with Naviance, a service that we use in our office to track and analyze data about college and career plans, so it provides up-to-date information that is specific to our school.

Family Connection allows you to:

- **Get involved in the planning and advising process** – Build a resume, complete online surveys, and manage timelines and deadlines for making decisions about colleges and careers
- **Research colleges** – Compare GPA, standardized test scores, and other statistics to actual historical data from our school for students who have applied and been admitted in the past
- **Research careers** – Research hundreds of careers and career clusters, and take career assessments
- **Create plans for the future** – Create goals and to-dos, and complete tasks assigned to you by the school to better prepare yourself for your future college and career goals

Family Connection also lets us share information with you about upcoming meetings and events, local scholarship opportunities, and other resources for college and career information. You can also use the site to stay in communication with the counseling office.

We hope that you will find this resource helpful. If you have questions about Family Connection, please contact your school counselor, Dr. Hutchko. You can email him at hutfra@wilsonsd.org or to request an appointment use this

- Identify three related Careers that interest you and add them to your list

The screenshot shows the 'cluster finder :: results' page. At the top, there are navigation tabs: 'home', 'colleges', 'careers', 'about me', and 'my planner'. Below these is a search bar with the text 'search for careers:' and a 'Go' button. To the right of the search bar is the title 'cluster finder :: results'. Below the search bar is a row of tabs: '1. start', '2. activities', '3. personal qualities', '4. school subjects', and '5. results'. The '5. results' tab is selected. Below the tabs is a section titled 'Your top cluster(s)' with three clusters: 'Education and Training', 'Human Services', and 'Law, Public Safety, Corrections and Security'. Each cluster has a button that says 'Add this cluster to your list'. To the right of these buttons is a green box with the text 'Add cluster(s) to your list, if you like them.' Below the clusters is a section titled 'what are my interests?' with three options: 'personality type', 'cluster finder', and 'career interest profiler'. To the right of these options is a section titled 'Your ranking of all clusters(s)' with a bar chart showing the ranking of the clusters. The chart has six bars: 'Education and Training' (76%), 'Human Services' (71%), 'Law, Public Safety, Corrections and Security' (59%), 'Agriculture, Food and Natural Resources' (53%), 'Hospitality and Tourism' (53%), and 'Health Science' (41%).

Plan of Study

Overview

There are thousands of challenging educational and training opportunities within the high-skilled world of Education and Training. Learners need a solid background in academic, technical and presentation/ facilitation skills. The educational background for a career in the education and training field can begin in high schools, technical colleges, two-year community colleges, four-year colleges, internships, career technical schools/institutes and human resource/training organizations.

Along the way, career guidance professionals assist learners in assessing their educational goals, interests, abilities and skills to facilitate a good match to the cluster's many pathway options. Learners participate in relevant educational opportunities framed in the context of the cluster. They gain knowledge and skills through coordinated workplace learning experiences such as site visits, job shadowing and internships. If they choose, they may achieve valuable skill certifications that lead to employment. Colleges and universities offer advanced degrees that prepare learners for professional and technical careers.

This diverse Career Cluster prepares learners for careers in planning, managing and providing education and training services, and related learning support services. Millions of learners each year train for careers in education and training in a variety of settings that offer academic instruction, career technical instruction, and other education and training services.

Employment Outlook

A growing emphasis on improving education and making it available to more Americans will increase the overall demand for workers in the Education and Training Cluster. Employers are expected to devote greater resources to job-specific training programs in response to the increasing complexity of many jobs, the aging of the workforce, and technological advances that can leave employees with obsolete skills. This will result in a particularly strong demand for training and development specialists across all industries.

Why should 9th graders look at Careers now?

- Educate yourself.
- Help decide what classes to take next year.
- Take classes that are similar to your interests.
- Take the correct class(es) that follow your career and major path
- Find career(s) that fits your interest(s) and ability(ies)
- Never too early to start exploring!
