

Unit 12 Biochem

Read 20.1 - 20.3 (pp. 633 - 640), 21.1 - 21.2 (pp. 683 - 687) and define each of the following:

1.) Organic Chemistry:

2.) biomolecules:

3.) alkanes:

4.) saturated:

5.) hydrocarbons:

6.) unsaturated:

7.) unbranched hydrocarbons:

8.) Structural isomerism:

9.) biochemistry:

10.) essential elements (to human life):

11.) Trace elements:

12.) Cell:

13.) proteins:

14.) A- amino acids:

15.) Side chains or R-groups:
