Servings: 6

"A quick Italian style dish like this makes dinner a snap. Brown some sausage, and mix with your favorite spaghetti sauce, then serve over any type of pasta. Add a salad, and there is a complete meal."

INGREDIENTS:

- 1 pound hamburger
- 1 (28 ounce) jar spaghetti sauce
- 1 (8 ounce) package spaghetti

DIRECTIONS:

Day 1. In a medium skillet, crumble and brown hamburger over medium heat until cooked. Drain fat from meat in a sieve over a small mixing bowl. Discard cooled fat in trash. Stir in pasta sauce. Place in a plastic container, label P# K# and refrigerate.

Day 2. Cook pasta according to package directions. Remove meat sauce from plastic container, place in a microwave safe glass bowl, cover with plastic wrap and heat sauce in microwave for 2 minutes and serve over pasta.
